Why Swim Year-Round?...

Drowning is the #2 leading cause of injury-related death in children under the age of 14. For every child who dies from drowning, five more receive emergency department care for nonfatal submersion injuries. More than half of these children are hospitalized.

Remember, summer is not the only time your children are around water. So it is important that once your children have started swim lessons they continue to use the skills they have learned in class on a regular basis to help keep them Water Safe year-round.

What we offer & why...

- Indoor, Heated Pool (91°F) so children are comfortable in the water and not chilled.
- Only local swim school with climate controlled water & air so that children are comfortable and warm as they enter and exit the water.
- Our Clean Salt Water Pool is easier on children's eyes, skin, and hair.
- Wave-less gutter system keeps the water calm for easy learning.
- Certified, Professional Staff to ensure quality and safety.
- Only local member of United States Swim School Association
- Small Group Classes for more personalized attention
 - 2-3yrs old -3 Kids per class
 - 3yrs and up -4 Kids per class
 - 2yrs and under - 6 parent/child per class
- Private or Semi-Private Lessons for even more individualized attention, great for fearful or special needs students.
- Multiple Class or Students Discounts-easy on the pocket book.
- Underwater Music-calming for fearful children and adds fun to the class.
